About Me

I'm Naduni Jayasingha, a Passionate and detail-oriented UI/UX Designer with expertise in creating intuitive and visually appealing digital experiences. Proficient in Figma, Adobe Photoshop, Illustrator, and front-end technologies like HTML, CSS, JavaScript, and Flutter. Strong foundation in user-centered design principles, wireframing, prototyping, and responsive design. Collaborative team player with leadership experience and a knack for problem-solving. Committed to delivering seamless user interactions and innovative design solutions that align with business goals. Currently pursuing a BSc in Software Engineering to further bridge the gap between design and development.
