SUMMARY

Passionate and detail-oriented Software Engineering student with a strong foundation in both frontend and backend development. Proficient in building responsive web applications using Angular, PHP, and MySQL, complemented by professional UI/UX design skills. Dedicated to bridging the gap between aesthetic design and robust technical implementation as a Software Engineering Intern.

PROJECTS

Bus Card Payment System (Mobile UI/UX)

[View Project on Figma](#)

- Designed an intuitive mobile app for cashless bus fare payments via QR scanning.
- Created interactive prototypes and high-fidelity wireframes focusing on fast navigation.

Saloon Appointment Booking System (Full-Stack)

[View Project on Github](#)

- Developed a complete booking system allowing users to schedule appointments online.
- Frontend: Designed a user-friendly interface using HTML, CSS, and JavaScript.
- Backend: Implemented server-side logic using PHP and managed data persistence with MySQL

Clothing Website (Frontend) Angular Project

[View Project on Github](#)

- Developed a modern e-commerce frontend using Angular, focusing on component-based architecture and seamless user experience.
- Implemented responsive layouts and integrated stylish UI elements to enhance customer engagement

Coffee Shop Website (UI/UX)

[View Project on Github](#)

- Designed a modern interface with improved visual hierarchy and navigation clarity.
- Utilized warm tones and clean layouts to optimize user engagement

EDUCATION

- BSc (Hons) in Software Engineering** - BCI Campus | 2023–2027 (Ongoing)
- NVQ Level 4 in Graphic Design** - NAITA | Completed
- Diploma in English** - ESOF Metro Campus | Completed (2020)

CERTIFICATIONS & LEADERSHIP

- Certification** : Python for Data Science – COGNITIVE CLASS (IBM).
: Intro to UI/UX Design - Le Wagon
: Data Science & Analytics - HP LIFE
- Leadership** : Member of BCI Leo Club, BCI Coding Club, and BCI Media Club.
- Soft Skills** : Teamwork, Creativity, Time Management, and Problem Solving.

TECHNICAL SKILLS

- Frontend**: Angular (Advanced), HTML5, CSS3, JavaScript (ES6+), React, Flutter.
- Backend**: PHP, Java, Python.
- Database**: MySQL.
- UI/UX Design**: Figma, Adobe Photoshop, Illustrator, Wireframing, Prototyping.
- Tools**: Visual Studio Code, Android Studio, Git/GitHub.
